Construction

PUYOL FRERES is a company of 7 employees specialized in metal beam construction. PNC-12 Extreme was selected to achieve cutting of numerous little spare parts (decks, reinforcements, lifelines, signs), which were previously out-sourced.

Customer	PUYOL Freres
Address	Zoning Industriel
Tel	09 62 14 86 11
Website	www.puyol-freres.com

Distributor	Soudage Equipement
Address	15 Rue Denis Papin 68000 COLMAR
	France
Tel	03 89 20 07 91
Website	www.soudage-equipement.com

Note: PNC-CAM, the software included in PNC-12 Extreme, do not support character cutting. 3rd party software was used to create Text CAD data.

For 20 years ago, Mr CANAGUY, grower of sugar cane in the Reunion Island made the same observation than the other farmer of the Island. T

To answer to a rising demand, L'ATELIER CJD needed to be equipped with a CNC machine. This machine should give a good quality of cutting on important thickness (10 up to 50mm), achieve sophisticated shapes, and an affordable price.

The PNC-12 1530 Gas was the perfect answer : simple, versatile, sturdy.

Satisfied by the quality of work, Mr CANAGUY decided recently to equip his machine by the Conversion kit Gas to Plasma to expand once again his production.

Customer	ATELIER CJD Chemin Abondance, 97470 SAINT BENOIT
Tel	6 92 15 58 75
